GREENING THE HIGH STREET

Future High Streets Need **Green Infrastructure**

Helen Taylor

Green Infrastructure

- Planters protective
 - Trees shade/air/cooling
 - Pocket park temporary/permanent/re-purposed
 - Green walls interior/exterior
 - Green roofs roof garden/bus stop/cycle-store
 - Parks commercial opportunities
 - Retail interior/exterior greening
-
- Maintenance factored into cost/benefit

WHY?

Multi-functionality

- Air quality
- Urban heat island/shade
- Water management/SuDs
- Biodiversity
- Health and Wellbeing
- Community cohesion
- Pleasant, safe urban realm
- Positive experience/behavior
- Crowded spaces protection

NO PLASTIC PLANTS

GREENING THE HIGH STREET
