Improving Public Transport and Connectivity - A Strategic View.

- **Leah Stuart**, Associate Director at Civic Engineers.
Improving streets: transformative results: Altrincham has gone from having the highest shop vacancy rate in the UK, to being voted the 2018 best place to live in the North West. The recent public realm scheme has made Altrincham streets more walkable and more inclusive, with measurable benefits.
- **Jon Parker**, Managing Director Integrated Transport Design (ITP).
Influencing Travel Behaviour: Encouraging more people to walk, cycle and use public transport. The presentation will draw upon the results from several studies into 'personal travel planning' including national DfT research and recent local East Midlands evaluations.
- **Laura Partington**, Landscape Architect and Urban Designer Oppla: **Nature's Solutions to Urban Problems.**
- **John Worthington MBE**, Co-founder, DEG.W.
Former Commissioner of Independent Transport Commission and Director The Academy of Urbanism.
Designing Spaces for People to Shape as Places of Connection.
- **Robert Huxford** Director Urban Design Group.
Connecting Streets and Places - A Code for Councils
Connectivity requires people being able to get from their front door to where they want to go... and it affects us all. Launch of Code key statutory duties, common law duty of care, core government guidance, and reference to professional codes of conduct. Streets and Connectivity require all council departments to work together.
